

ALTERNATIVE PANELS AS HOESCH PANELS SUBSTITUTION

Dear customer,

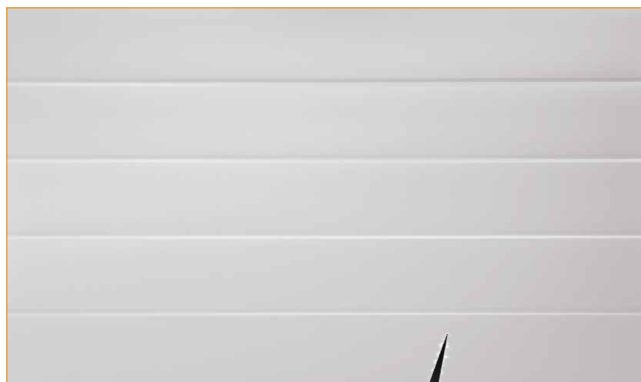

recently you have been informed about changes in supplies of spare sections/panels Hoesch. We are forced to apply these changes to sale prices, due to crucial input price increase on panel producer's site.

We have alternative panels to substitute Hoesch panels, from Italpannelli. These panels are the same shape, fully compatible to Hoesch panels. The only difference is innerside design, visualised as per below.

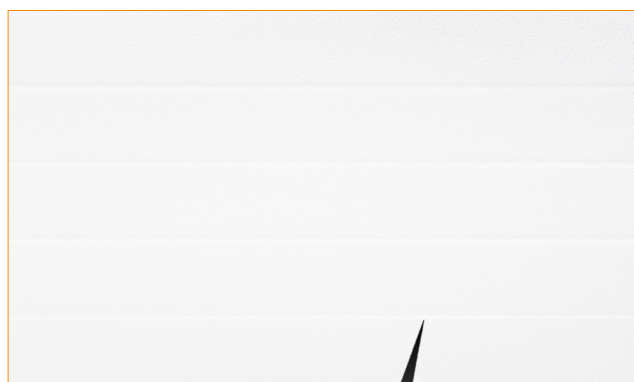

Hoesch – Innerside – lamella flat RAL 9002

Italpannelli – Innerside – lamella stucco RAL 9010

HOESCH Lamella flat 9002

ITALPANNELLI Lamella Stucco 9010
