

BLACK AIR GRATE

Dear Customer,

let us inform You about the extension of our range of accessories for sectional doors. Next to the white air grate we can offer You also an **air grate in black colour**. This colour will be a better solution for some projects.

If the black air grate is ordered it is installed just on the external side of the section. Inside there is always used the closable white air grate. Both parts are fixed with screws.

Description of the air grate:	
Material	ABS
Colour	black (RAL 9005)
Dimensions outside	344×138 mm
Free area	200 cm ² (The free area of the inner closable air grate is 155 cm ² .)

SPECIFICATION

- Applicable for both industry and residential door
- Colour design improvement

The black air grate is for the same price like the white one (**15,20 EUR/pc**).

 **Black air grate installed in the section**
